Address: Thôn 5 - Thạch Hòa -Thạch Thất - Hà Nội

OBJECTIVE

I am a Software Engineering student with a passion for Java programming and web development. I am seeking an opportunity as a Java Developer Intern to gain hands-on experience, strengthen my technical skills, and grow in a professional working environment.

EDUCATION

Sep 2022 - Present	FPT University Software Engineering GPA: 3.2/4.0

PROJECT EXPERIENCE

Jun 2025 - Present	Online Course Selling Website - SWP Subject Developer (Team Project) • Developed a full-stack web application for online course selling, inspired by Udemy. • Designed and implemented user authentication, course listing, and payment modules. • Applied Java, Spring MVC, Thymeleaf, SQL Server, HTML, CSS, and basic JavaScript/AJAX. • Worked with a team of 5 students, using Git for version control. • Deployed the project on localhost. • GitHub: https://github.com/h004888/SWP391__Group2
Sep 2024 - Dec 2025	Bus Booking System Developer (Individual Project) • Designed and implemented various basic data structures (e.g., linked list, stack, queue, tree) in Java. • Developed console-based applications to demonstrate CRUD operations and algorithms for each data structure. • Applied OOP principles, exception handling, and unit testing to ensure code reliability. • Practiced using Git/GitHub for version control and code sharing. • Strengthened problem-solving skills and deepened understanding of Java collections and algorithms. • GitHub: https://github.com/h004888/Assignment_DataStructure
June 2023 - July 2023	Portfolio Website Developer (Individual Project) • Designed and developed a personal portfolio website to showcase projects, skills, and contact information. • Built responsive layouts using HTML, CSS, and basic JavaScript. • Practiced web design principles such as typography, layout, and usability. • Deployed project to GitHub Pages (nếu có) or local server. • Strengthened front-end development skills and improved understanding of static website deployment. • GitHub: https://github.com/h004888/Portfolio-Website

CERTIFICATIONS

Oct 2023	Academic skills for university success specialization
Sep 2024	Web design for everybody : Basics of web development & coding specialization
Jan 2025	Software development lifecycle specialization
May 2025	User experience research and design specialization

HONORS & AWARDS

Nov 2023	Second prize FPT Golden FPT voivinam Award

ADDITIONAL INFORMATION

- Languages: Fluent in English and Vietnamese, intermediate pro ciency in Japanese (JLPT N4 certi ed).
- Technical Blogs: Developed an online course-selling website inspired by Udemy, applying Spring MVC, Thymeleaf, AJAX, and SQL Server.
- Open Source Contributions: Actively maintaining personal projects on GitHub —*https: /github.com/h004888*.
- Professional Memberships: Member of the IEEE Computer Society since 2018 and the Association for Computing Machinery (ACM) since 2020.
